

Bilberry Fields Fell Time Trial

4.6miles/1220ft – 7.4km/371m

The route starts from the secure area on Owlers Walk. Runners will set off straight up Church Road hill then take a right onto Jumps Road for the long winding climb to Orchan Rocks.

Once through the first gate/stile, the route follows the left hand path upwards through a gate and onwards towards Hudson Bridge. A right turn just before the bridge brings the runners over Hudson Moor to a stile at a crossroads of paths. Climb the stile and head right down the wide track all the way to Whirlaw Rocks.

A left turn at the rocks brings you up behind the rocks and on towards Windy Harbour. At the Wizard of Whirlaw stone go right over the stile and follow the track down to East Whirlaw Farm.

A right turn at the farm followed by a left through the gate takes you down the hill and into some woods. Go over the stile and continue left down the hill to the bottom. Don't go over the next stile instead turn right and follow the wall/fence to Bank Farm.

From the farm follow the concrete track until you almost reach a farm at the top, turn right before the gate up a steep bank. At the top turn right and follow the path up through Dungeon Wood. At the top the path turns left along a ridge, eventually leading to a gap in the wall and Whirlaw Rocks (again).

Turn left through the gate and return along the outbound route for a couple of hundred metres before turning left down the Calderdale Way. Pass a farmhouse then take the second path on your left. This path turns right, then left to head downhill to Rake Farm.

Once through the gate and past the farm head across the fields down to the far right corner. Through the stile here and down to a little gate. A left turn takes you under the railway, continue down Stoney Royd Lane to the gate on the right into Harley Wood playing fields. Now it's just a quick dash to the finish at the top of the field.
